Health and Supportive Care Providers
Oversight Authority

The Health and Supportive Care Providers Oversight Authority (HSCPOA) has a mandate to register and provide oversight of registered personal support workers (PSWs) and other potential classes of registrants that may be prescribed by Ontario's government in future regulations. This falls under the new *Health and Supportive Care Providers Oversight Authority Act, 2021*. This new legislation implements a new regulatory approach for the oversight of individuals providing health and supportive care services, beginning with PSWs in Ontario.
